1.

**DRAFT**  
**Hanover Board Goals for 2008-09**

1. Support the efforts of Ray School educators in the implementation and refinement of the SAU-wide K-12 common assessments and curriculum with an emphasis on science and mathematics
2. Encourage collaboration between special education and regular classroom teachers through the use of a tiered model and differentiated instruction
3. Support the Ray staff's efforts to improve instruction through the collection and use of relevant student performance data
4. Support the expanded use of web resources to share ideas for curriculum development and best practices in teaching within the school and to provide timely information to parents and the community.

***NOTE: These goals are the basis for professional development goals set by individual faculty members at the Ray School***
